

Covenant Homeownership Act Study

We need to hear from You

A **study** is underway as part of the **Covenant Homeownership Act** passed by the WA State legislature, which aims to document and **address past and ongoing discrimination, including the role of government institutions in housing related discrimination.**

The study will include information from people who have had experiences, historic and current, with **discriminatory practices in housing and lending** in WA.

Share Your Story to help document the groups of people who have experienced housing discrimination in WA and may be eligible for future housing assistance programs.
